- Opportunity to complete the internship **remotely**

You will:

- Work **together with experienced team members** on developing and maintaining risk reports
- **Improve data visualization** using internal and external technologies
- Monitor **report generation** processes and work with external groups to resolve issues
- Ensure timely delivery, accuracy, and **optimal performance of risk reports**
- Build risk data expertise to deliver information against emerging requirements
- Develop **overall knowledge** of Risk Management organization and grow professional relationships

You have:

- **Ongoing BSc (or above)** studies in Economics, Finance, Accounting, Mathematics, Physics, Computer Science, or similar fields
- **Advanced Microsoft Office** skills particularly Excel
- Motivation to enhance your knowledge **of the world of finance**
- **Interest** in programming and coding. Experience in any programming language such as: SQL/VBA/Python/Matlab
- Fluency in **English**, both verbal and written
- **Team player** attitude with good interpersonal and communication skills

Team Profile: The cornerstone of Morgan Stanley's risk management philosophy is the execution of risk-adjusted returns through prudent risk-taking that protects Morgan Stanley's capital base and franchise. Risk Management protects the Firm from exposure to losses resulting from defaults by our lending and trading counterparties.

About us: Morgan Stanley is a global financial services firm and a market leader in investment banking, securities, investment management and wealth management services.

At Morgan Stanley Budapest, we are shaping the future of our global business and contributing to our local community. Our team works across numerous areas, including Technology, Mathematical Modeling, Finance, Risk Management, Operations and Data & Analytics from our new state-of-the art offices near the Danube and our City Gate office in the heart of the city center.

If you are interested in the above opportunity, please apply by uploading your **English CV** [here](#).
